The Board: The Football Square board has a total of 100 squares. Numbers 0-9 will be drawn randomly for the left side of the board (Visitor team), then the top of the board (Home team) before the start of the game listed below. At the END of each quarter, the last digit of each team's score dictates the number selection from the board (ex. 17 cowboys to 3 giants, would be a 7 and a 3). Wherever the two numbers line up and meet on the board decides the winner of that quarter and will be awarded one of the free plays above.

Qualifying Hands:

Video Poker – Patron must hit a natural 4 of a kind with a minimum bet of $1.25 or more. Triple Play and all multi-hand play poker may qualify only on the bottom hand. If qualifier is dealt, it will be considered as one qualifier only.

Keno or Slots - Minimum bet of $1 or more per hand with a payout of $100 or more.

All qualifying hands must be verified by the bartender. Failure to notify Bartender will void qualifier, no exceptions.
